DESCRIPTION OF TERMS AND CONDITIONS WHICH FREQUENTLY APPEAR IN THE LETTERS OF UNDERSTANDING

If the grant application is approved, the applicant will receive a Letter of Understanding detailing the terms and conditions of the grant and listing permits etc. that may be required.

Requirements that frequently appear in the Letters of Understanding

Building Permits are required for various types of construction/ renovation to facades i.e. stucco. Building Permits may also be required for awnings or replacing windows and/or doors.*

Sign Permits are required for various types of signs including awnings with lettering.*

**If you are not sure if a Building Permit or Sign Permit is required for your project or what documents are needed in addition to the completed Building Permit application, please contact the Building Services Division at 905-546-2720.*

Signs must also be in conformity with the current Sign By-Law. Contact Municipal Law Enforcement at (905) 546-2782 with questions pertaining to the Sign By-Law.

Encroachment Agreements If an improvement to a property is located entirely or partly in, on under or above the City's property, an Encroachment Agreement may be required. Examples may include building resurfacing, a sign, or an awning. An Encroachment Application form must be submitted to Public Works along with a drawing showing the property line and where the encroachment is. Note: Building Permits, Sign Permits, Road Occupancy Permits, and Encroachment Agreements must be obtained prior to the commencement of work.

Who can complete the renovations?

Many repairs and renovations to buildings – including stucco, siding, masonry work, framing, replacement of windows, etc.- must be completed by a contractor/contracting business that has their Building Repair Contractor's Trade Licence and Building Repair Master's Trade Licence for Hamilton. The Building Repair Contractor's Trade Licence grants the business legal permission to engage in the business of carrying out repairs or renovations of buildings.

The Building Repair Master's Trade Licence licences the person who plans and completes or supervises the work. Please note the Building Repair Contractor's Trade Licence and Master's Licence are specific to Hamilton. Outside contractors will require licences from Hamilton as well. Please contact Municipal Law Enforcement at 905-546-2782 to ensure your contractor has their Building Repair Contractor's Trade Licence.

Where a project "*has been designed by **and** is under supervision of a Professional Engineer or an Architect licenced to practice in Ontario*" a Building Repair Contractor's Trade Licence is not required. Periodic and Final Field Reviews from the Engineer or Architect must be submitted to the Building Services Department.

Building Exterior Cleaner's Licence

In general, cleaning of building exteriors or other structures utilizing chemicals, pressurized air, water, steam or other abrasives must be carried out by persons who have a Building Exterior Cleaners's Licence.

ESA (Electrical Safety Authority) Licence Most electrical work requires the services of a licenced electrical contractor.

Heritage Listed Properties The Letter of Understanding may include recommendations from the Cultural Heritage Planner regarding the proposed work if the property is Heritage Listed or falls within a Heritage Character Zone.

Due Diligence Each application for Urban Renewal's Financial Incentives must undergo several due diligence examinations by Staff. Some of those checks have been listed below.

Staff will:

- 1) Ensure that zoning is in conformity with the Program requirements
- 2) Check to see if the property is Heritage Listed or Designated
- 3) Check the status of the property taxes.
- 4) Check to ensure there are no Property Standards Orders, Building Code Violations, or Fire Orders on the property.
- 5) Check to see that the estimates submitted have been prepared by contractors that have their Building Repair Contractor's Trade Licence or that the work has been designed and will be supervised by a Professional Engineer or Architect licenced to practice in Ontario.
- 6) Check on other items noted on the Certificate of Zoning Verification such as requirements for Municipal Licences.

The Letter of Understanding may indicate outstanding Building Permits that have not been closed or Property Standards Orders or Fire Orders that have not been rectified. Please note that Building Code, Fire Code, or Property Standards Violations must be rectified and property taxes must be paid in full prior to grant monies being advanced for completed work and that no grant funds will be paid out until the condition is met.
