

COMMERCIAL PROPERTY IMPROVEMENT GRANT PROGRAM

PROGRAM DESCRIPTION

The Commercial Property Improvement Grant Program (CPIGP) is intended to provide financial assistance for commercial property owners authorized tenants within Downtown Hamilton, Community Downtowns, the Mount Hope/Airport Gateway and the commercial corridors as identified in the Downtown and Community Renewal Community Improvement Project Area. The Program aims to improve upon the physical appearance of properties within the areas, achieve quality façade improvements, support commercial property / business owners with limited rehabilitation of interior space and assist in creating a barrier-free and accessible environment. Spurring the preservation, revitalization and reinvestment of commercial properties within these areas will assist in creating a welcoming environment for people to live, work, play and learn.

PROGRAM TERMS

1. Commercial property owners / authorized tenants are eligible for a maximum grant per property during a five-year period (i.e. multiple applications or one application could be submitted however the sum of the grant amounts approved will be no more than the maximum amount allowed for each property). Exceptions may be made at the sole discretion of the General Manager of Planning and Economic Development if:
 - i) a new tenant / owner is occupying the property and applies for new signage; *or*
 - ii) the property has been damaged due to fire, vandalism or a natural disaster such as a flood, earthquake or hurricane.

Eligible items under the Program when a property has been damaged for one of the aforementioned reasons shall be capital costs only as follows:

Façade Improvements: windows, doors, storefronts, awnings, signage, surveillance cameras or other items deemed eligible at the sole discretion of the General Manager of Planning and Economic Development.

Limited Interior Improvements: barrier-free washrooms or commercial kitchen cooking exhaust / ventilation systems (the grant will be no more than 50% of the maximum grant per property for interior improvements).

Fees: Architectural, engineering, lawyer's, BCIN designer, building permit, site plan application, road occupancy permit, street occupancy permit and encroachment agreement application fees are eligible up to 100% of the cost to a maximum of \$3,000 per application as part of the total grant awarded for completed construction.

Assisting commercial property owners / authorized tenants to repair property damage due to fire, vandalism or a natural disaster such as a flood, earthquake or hurricane will help mitigate some of the capital improvements costs involved during the recovery phase. The grant is not intended to replace property insurance claims, rather, it is to assist a property owner / authorized tenant with eligible costs under the CPIG that are not covered by their insurer due to the deductible amount or due to limits set by their insurance policy.

In recognition that a property owner / authorized tenant may have work completed within hours or days of the damage to the property for safety reasons or in order to prevent further damage to the property i.e. replacement of broken windows, an exception to the requirement that applications be submitted prior to works commencing will be allowed only in the instance when a property has been damaged due to fire, vandalism or a natural disaster such as a flood, earthquake or hurricane. If the work has commenced or has been completed, applications must be submitted within seven days of the date the damage to the property occurred. Completed works must meet the requirements of the City of Hamilton By-law 07-170 being a by-law to license and regulate various businesses dictating when a contractor must be licensed with the City of Hamilton to complete works i.e. a contractor must hold a valid Building Repair license with the City of Hamilton to replace a window with a window frame however if the glazing only is being replaced the contractor is not required to be licensed with the City of Hamilton. All quotes / invoices submitted with the application will be reviewed by a Building Inspector to ensure the cost is at the industry standard.
